- **PROFESSIONAL COURTESY** – Professional Courtesy is a mutually-exclusive, mutually-beneficial arrangement whereby a member offers one free, private half-hour consultation in their area of professional expertise per requesting Chamber member. As a result, members seeking advice get the information they need from someone they can trust and while members providing the consultation receive credible exposure and possibly future business or referrals. Professional Courtesy means giving professional, educational advice in a consultation setting of your choice to help other members in their business endeavors.
- **SPEAKERS BUREAU** – The Speakers’ Bureau provides speakers to talk about any conceivable business topic at no cost to the group or organization. Once you are in this section of the Directory, members can call you directly with their speaking requests. We suggest two weeks notice for your speaker request, and any arrangements otherwise should be made between you and the speaker. You will discover that your appearance on the Speakers, Bureau circuit is a great way to improve the visibility of yourself and your company.
